

LONG USEFUL LIFE OF NEARLY  
A CENTURY COMES TO A CLOSEDeath Claims Squire Thomas  
Poe, Who Lived to be  
Ninety-Six Years Old

MASON SIXTY-THREE YEARS

Come to Rush County When His  
Trading Vessel Went Down  
in a Storm

The soul of Thomas Poe passed out to its Maker yesterday evening at 6:45 o'clock and a long and useful earthly career came to a close. In the death of Mr. Poe the community loses one of the highest types of citizenship and a gentleman of a truly Christian character. His friends were counted by the score, and consisted of his long list of acquaintances, for to know Squire Poe was to like him.

He was the oldest person living in Rush county, and one of the oldest persons in the State. Until he resigned his office as justice of the peace in January, 1905, he bore the distinction of being the oldest practicing magistrate in the United States. Until that time he possessed the use of all his faculties, and his court was the scene of many trials and marriage ceremonies. A cataract on the eye gave him a deal of trouble in the closing days of his life, and for a while he was blind, but an operation brought back his eyesight. His mind was clear and active until the very last, and many were the reminiscences he would recall of the life which began nearly a century ago.

Deceased was 96 years of age last May 28th. He was born in Mason county, in 1811. His grandfather was of Welsh descent and immigrated to this country, after a short stay in Ireland. In Pennsylvania his father was born and died afterwards in Kentucky from cholera. Samuel Poe, a noted character in history, who was known far and wide as a great Indian fighter, was a second cousin of the late Thomas Poe.

At the age of fifteen, Mr. Poe engaged in the mercantile business in his home town in Mason county, and accumulating a comfortable fortune, purchased a retail trading vessel which used to ply up and down the Ohio and Mississippi rivers. During severe storms, the boat was capsized and Mr. Poe lost all the money he possessed. He then struck out for the inviting fields of Indiana, and landed in Rush county in May, 1852. Here he engaged in the retail drug business on the corner, where Wolcott's drug store is now located, under the firm name of Poe & McGraw. Later he sold his drug interests and purchased the old Carr inn, which stood on the ground now occupied by the Melodeon hall block. After several years of successful business in that location, Mr. Poe bought the Windsor hotel on the opposite side of the street, and was the genial host of that hostelry until the close of the war in 1868, when he was elected justice of peace. He continued in that office until January, 1905, when he resigned on account of ill health, having been successful in elections for forty-three years.

In October, 1835, Mr. Poe was married to Martha Duff McNeil, in Mason county, Kentucky, and to this union ten children were born, five of whom reached maturity, and three of whom survive, William B. Poe, Mrs. J. R. Carmichael and Mrs. R. W. Cox, all of this city. His wife died on April 12th, 1882.

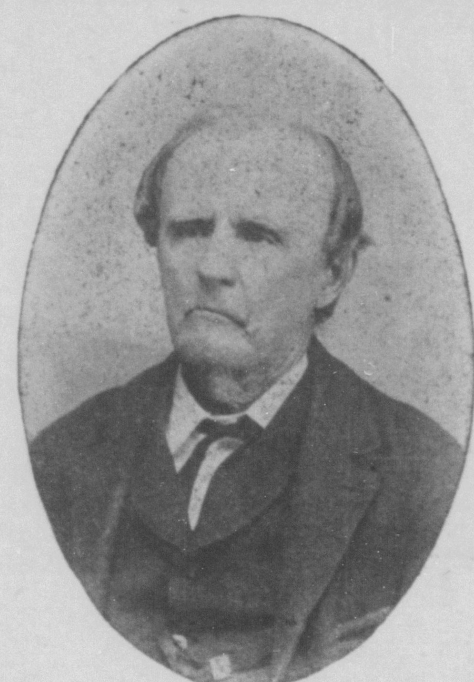

In religion, the subject of this sketch was a devout member of the Methodist Episcopal church; he became a member on Feb. 14th, 1867, when Rev. A. N. Marlatt, was the pastor in this city.

In politics he was a Republican, and voted the first Whig ticket. He cast his ballot for John Quincy Adams, long before the Republican party was organized, and could well remember exercising his right of the ballot in voting for such illustrious men as William Henry Harrison, Henry Clay, Abraham Lincoln, General Grant,

James R. Garfield, William McKinley, and Theodore Roosevelt. He voted for every Republican save General Scott. While living in Kentucky, deceased was a member of the State militia, entering the State soldiery as a first lieutenant, and was afterwards promoted to the captaincy. He enlisted for the Mexican war, but while the company was waiting at the State Capital at Frankfort to be mustered in, the treaty of peace was signed.

Mr. Poe came from a long lived family, one of his sisters living to be 95 years of age.

Probably the most remarkable part of Mr. Poe's life was his Masonic career. He was one of the oldest continuous Masons in the United States, being made a Mason in Washington lodge No. 19, Mason county, Kentucky, in 1844, and was a highly respected member of that organization at the time of his death, having been affiliated with the lodge in an active manner for nearly sixty-three years. When he removed to Rushville he

THOMAS POE

transferred his membership to the local lodge then in existence, and when the present local organization, Phoenix lodge No. 62 was chartered, he became a charter member. He is survived by only one charter member, James S. Lakin, of California. He was the Worshipful Master while the lodge was under dispensation, and the first Master after it was duly installed, which place he held from 1856 to 1864, inclusive. Mr. Poe was a charter member of Rush chapter No. 24 R. A. M. which was chartered May 22d, 1854.

He was High Priest from 1868-71, and a member of the Indiana State Council of High Priests at Indianapolis. He was also a charter member of Rushville council No. 41 R. & S. M., chartered October 31st, 1874, and Illustrations Master from 1882 to 1886. Squire Poe was likewise a charter member of Martha Poe Chapter No. 143, Order of the Eastern Star, chartered April 25th, 1894, and named honoring his beloved wife.

In 1871, the venerable squire was admitted to the Rush circuit bar, and was the only surviving member of the old school of lawyers which included Sleeth and Spann.

The funeral services will be conducted by Dr. V. W. Tevis at the home of Mrs. R. W. Cox, on North Morgan street, with whom deceased lived for many years. The services will be under the auspices of the Masonic lodge. Interment in East Hill cemetery.

FUNERAL ATTENDED  
BY MANY FRIENDSBrothers in Lodge Pay Last Tri-  
bute to Elbert O. Newhouse  
Deceased.

The funeral services of E. O. Newhouse, who died at his home in Connersville Sunday evening were held at the late residence in that city Sunday afternoon at 1:30, in charge of the Fayette lodge I. O. O. F., of which he was a prominent member. After the funeral services in Connersville, the remains were brought to this city in a special car in charge of the Odd-Fellows and accompanied by many friends. At the I. & O. station the members of Franklin lodge No. 45 I. O. O. F. of this city, met the funeral cortege and accompanied the remains to East Hill cemetery, where interment was made.

Deceased was born in Rush county, July 5th, 1854, and on September 10th, about twenty years later, he was united in marriage to Miss Melvina Newkirk, also of this county. Four children were born to their union of whom three, Mrs. J. P. Carpenter, of Chester, West Virginia, Mrs. Ernest McGraw and Mrs. George Volkert, both of Connersville, survive, one having died in infancy. After their marriage, Mr. and Mrs. Newhouse moved to Hancock county, and later made their home in Madison county for a time. About five years ago they moved to Connersville, and have lived there ever since. Mr. Newhouse was proprietor of the Buckley hotel of about two years, and was then obliged to leave that business because of his feeble health, and since that time has been allied with insurance work, but has been unable for active labor of any kind. He had been a faithful member of the Christian church for twenty years and was a member of the Fayette lodge I. O. O. F. of that city. Deceased enjoyed the acquaintance and friendship of many people in Rush and Fayette counties, and also in Madison and Hancock counties, and was known as an upright citizen and able business man.

A man and woman, with a baby, are said to be traveling over the country who have an up-to-date method of shop lifting. They go into a store and the man pretends to be almost blind. He asks the clerk to read an address on a slip of paper. It being poorly written, the clerk takes some time to decipher it. While he is thus engaged the woman takes what articles she desires and conceals them in a baby's bag.

They have gotten away with several hundred dollars worth of goods, and so far the stores that have been mulched have been unable to trap the guilty pair.

Quite a number of Fremont Ellison's friends and neighbors gathered at his home near Mt. Olivet last Saturday night to surprise him and his family. Each one took enough sugar to make a plate of taffy and the accommodating cool weather made it good taffy weather. Mr. Ellison's large graphophone furnished music for the evening. Mr. Ellison leaves in September for a new home in Jennings county, and his many friends, although sorry to have him go, will wish him well.

Of the Jones golden wedding anniversary, the Indianapolis News, last Saturday, said: "Mr. and Mrs. J. J. Williams will give a family dinner Sunday in honor of the fiftieth anniversary of the marriage of Mrs. Williams' parents, Mr. and Mrs. W. W. Jones. The guests will include their son, Roy Jones and family, of Rushville, and Mr. Jones' sister, Mrs. William Davis, and family, of this city. One daughter, Mrs. Paul A. Florian, of Dallas, Texas, will not be able to attend. Mr. and Mrs. Jones were married in Franklin, but spent the greater part of their married life in this city, moving to Rushville four years ago. Mr. Jones was for a number of years a member of the firm of Jones, Hess & Davis, dry goods merchants with store rooms in the I. O. O. F. building. An informal reception will be given them Sunday afternoon and evening, when Mr. and Mrs. Williams will be assisted in entertaining by the members of the family. The decorations of the parlors and dining-room will be palms and golden flowers."

## Will Kick on Anything

"Si and his trained mule Maud" gave an exhibition of kicking at the homes of a few residents in this city Saturday evening. The occasion for Maud's kicking on this occasion was the fact that a mention had been made in the Daily Republican to the effect that circumstances pointed to the fact that one or more local attorneys had been implicated in successful black mailing schemes in the past few years in Rushville. An attorney probably egged Maud on to make the kick. A man with corns will walk along in silence for years until some one steps on them.

INSTRUMENTAL IN  
PASTOR'S CALLINGEvangelist Coming Who Brought  
Rev. Abberly to the Ministry  
in England.

A lecture of unusual interest will be given Friday evening of this week at the Main Street Christian church, which is attracting attention among all classes, because the subject treated is one over which there has been much controversy for many years. The lecture is entitled "Spiritualism, or Do the Dead Return to Earth" and will be given by Evangelist A. Martin, of Davenport, Iowa.

Mr. Martin was a foreign missionary for a number of years and it is quite a coincidence that Rev. R. W. Abberly, pastor of the Main Street Christian church met this gentleman in England, and united with the Christian church under the evangelist preaching, and later Rev. Abberly came to America and studied for the ministry, and the evangelist had the pleasure of ordaining his convert, whom he had met beyond the Atlantic.

The lecture is under the auspices of the C. E. Society, and an admission of fifteen cents will be charged to defray expenses.

While engaged in assisting to prepare the evening meal at the home of James McCormick, on West Seventh street, Sunday evening, Mrs. Ethel Harrold suffered a painful scalding, which is giving her much pain.

For the past few weeks she has been employed as a nurse at the McCormick home. Last night as she passed near the kitchen range, a vessel containing boiling potatoes upset and the boiling hot water scalded the entire front of her body. For a time it was thought the scald was of a serious nature. Dr. E. I. Wooden attended the injured woman.

MILROY WON GAME  
ON A PASS BALLDefeated the Regulars in a Fast  
Feature Game Yesterday  
Afternoon

The ball game between the Regulars and the Milroy team yesterday was interesting from the time the first ball was pitched, and a good contest followed for nine innings. It was anybody's game until the fatal ninth when a Milroy batsman got a hit, stole second and third and scored the winning run on a pass ball. Pruitt pitched for Rushville, but was taken out in the eighth inning when the visitors scored four runs off his delivery. Jones and Bailey made a good battery for Milroy. The features of the game was the stick work of John Geraghty, who binged out four hits and the fielding of the visitor's shortstop, who made several sensational catches. "Windy" Morgan played two innings with the Regulars and got a hit that scored a run for the locals. Score: Milroy 5, Regulars 4. Umpire, Yazel; attendance, 300.

## IN "FICTIONLAND"

Two Little Rushville Fellows  
Appeared Yesterday

In Sunday's Cincinnati Enquirer appeared a clever child story from the pen of Charles Virgil Tevis, the versatile Sunday editor. The fiction character is an old General who takes children in his airship to play each week at a different point. In yesterday's story the names of Wallace Payne and Dorrest Carr, of Rushville, Indiana, appear, together with their pictures. The two little fellows play a prominent part in the fiction of the story.

SERIOUS INJURIES  
NARROWLY AVERTEDNick Tompkins Swung His  
Horse Into a Tree to Save  
Occupants

Nick Tompkins had an exciting run-away on North Main street Saturday evening. Together with his wife and sister-in-law, Miss Nelle Kennedy he was driving to his country home, and when in front of Claude Cambern's home, his horse began to balk and kick, and ran up on the Christian church lawn.

The plucky young farmer tugged at the lines in an effort to stop the animal, and with a superhuman effort, he turned it into a tree on the curb, slightly wrecking the buggy, but saving the occupants from injury.

BUGGY TIRE BURSTS  
ARTERY IS SEVEREDWade Sherman Suffers Painful  
Injury While at Work This  
Morning

Wade Sherman, who conducts a carriage repair shop with his brother on South Perkins street, met with a serious accident this morning while putting a tire on a buggy wheel, which is causing him much pain, and will probably hinder him from work for several days.

The two brothers were putting a tire on a buggy wheel, and as the tire was a little too small, it was being forced on when it burst and struck Mr. Sherman on the wrist, severing an artery. The wound bled profusely and before Mr. Sherman reached Dr. Dean's office, he had lost quite a little blood. It was necessary to take several stitches in the wound. The accident is indeed unfortunate and the nearness of medical assistance was the means of saving Mr. Sherman's life.

CARTHAGE THEATRE  
CAUGHT ON FIREBut the Patrons Quietly Marched  
Out and Flames Were Soon  
Checked

While the crowd was gathering at the Gem theatre in Carthage Friday evening, a timely discovery of a conflagration was made by the management, and all the patrons quietly marched out of the building. The fire company soon checked the flame and little damage was done. J. W. Beck is the proprietor of the Gem theatre. The three local theatres are equipped with sheet iron houses, wherein all the picture films are run, making the spread of flames to other parts of the house impossible.

VOICE RAISED  
AGAINST SALOONRev. Abberley Declared Pal-  
aces are Built of Drunk-  
ard's Wrecked Lives

TIME FOR THEM TO GO

Enthusiastic Auditor Clapped  
His Hands in Approval at  
Climax of the Discourse

"Palaces are being erected out of the wrecks of human beings, blasted hopes and broken affections of the poor drunkard," declared Rev. R. W. Abberly, pastor of the Main street Christian church, in his sermon Sunday evening on "Casting Out Demons."

"Of all the demons today," said the pastor, "the demon of drink is the greatest evil with which we have to deal." The pastor said that some people believed there was no devil, "but if there is no devil," said the pastor, "some one is carrying on his work real well." In dealing with this part of his discourse the pastor spoke of the great curse of the saloon in our city, and an old brother clapped his hands in response when the pastor raised to his tiptoes and in a loud voice cried out: "God speed the day when liquor will be voted out of our beloved State of Indiana."

The pastor declared that a great temperance wave was sweeping over this country and spoke in confidential tones that the liquor business was doomed and was bound to go.

The divine asked if it was not time that the Christian people awake to the realization that the saloon was not needed in this community, and that it was high time that the liquor traffic be abolished in Rushville.

### A MEASURE OF SAFETY

Effect of One of the Laws Passed by Late Legislature.

Indianapolis, August 26.—Factory owners throughout Indiana are beginning to feel the effect of the law enacted by the last legislature to regulate the construction of platforms for the loading and unloading of cars and the building of switches. This was one of the few acts imposing burdens upon manufacturers, placed on the statute books by the last general assembly. Two requirements are contained in the law, both to safeguard railroad employees. One is that platforms used in loading or unloading cars shall be five feet from the track, and the other that tracks entering factory buildings shall have a clearance of twenty-one feet, so that an employee of average height might stand erect on a freight car with no danger of having his head struck by overhead obstructions. Little had been said about the new law until last week, when Joseph Robinson, president of the Central Indiana railway, with general offices at Anderson, sent to manufacturers on his line letters calling attention to the new law and asking that its provisions be met. Factory owners are now taking notice, as it is found that much rebuilding will be required. In some cases entire factory walls will have to be set back to permit of a five-foot space between platform edges and tracks. It is probable that the railroad commission will be called on to pass judgment in certain cases where the new act would make extensive changes necessary.

With the brewers forming a combine not to start new saloons and with the Anti-Saloon League trying day and night to put all saloons out of existence, it seems a good time to gamble that the liquor traffic will be greatly restricted in Indiana during the next two years. The brewers here seem sincere in their announcement that they have an agreement not to start any more saloons. They are also apparently in earnest in their plan to wipe out all joints. It is admitted, however, that they were driven to take their position by the growing public sentiment against saloons in general. The Anti-Saloon Leaguers profess to have little confidence in the brewers' statements, but they will welcome any assistance they can get. They declared that under the Moore remonstrance law they are rapidly riding the state of saloons and that they expect to have greater success than ever during the ensuing year.

Although he has not formally announced his candidacy, Congressman James E. Watson of Rushville is beginning a canvass for the Republican nomination for governor. He spoke in three or four counties during the past week, besides visiting three or four others where he is said to have conferred with party leaders. Congressman Watson has a strong district behind him—the old Sixth—and he can be renominated for congress but it is said that so many men have

urged him to run for governor that they have whetted his ambition in that direction. He is telling his personal friends that he will make the race unless he changes his mind, which is not probable. His friends are saying that he will be in front right from the start.

The miners have lost out in efforts to have the new mining law amended so that larger drills could be used in firing shots. They appealed recently to Governor Hanly, who informed them that while the law may be unsatisfactory, he is sworn to enforce it and that he has no power to modify it. The miners then asked Attorney General Bingham for an opinion as to whether the law could not be so modified by the men who are sworn to enforce it as to give the desired relief. He says no, and that the intent of the law is very plain. It is said that Mine Inspector Epperson would like to give the miners some relief, but he is powerless. One purpose of the law is to prevent disasters and accidents, and it seems to be doing that.

Senator Hemenway, who is spending a week with Speaker Cannon at Vancour, N. Y., sends word that he will be at home on Aug. 28, the first day of the Boonville fair, and that Speaker Cannon will return west with him.

**Horse Boards Streetcar.**  
Lafayette, Ind., Aug. 26.—At midnight last night a runaway horse jumped into the front end of an Oakland Hill open streetcar, trampling under his hoofs Mortimer Glenn Taylor, injuring him internally. Two other passengers, one an infant in its mother's arms, were slightly injured. The horse fell on the seats in the car. Owing to the peculiar accident, the escape of passengers is considered miraculous.

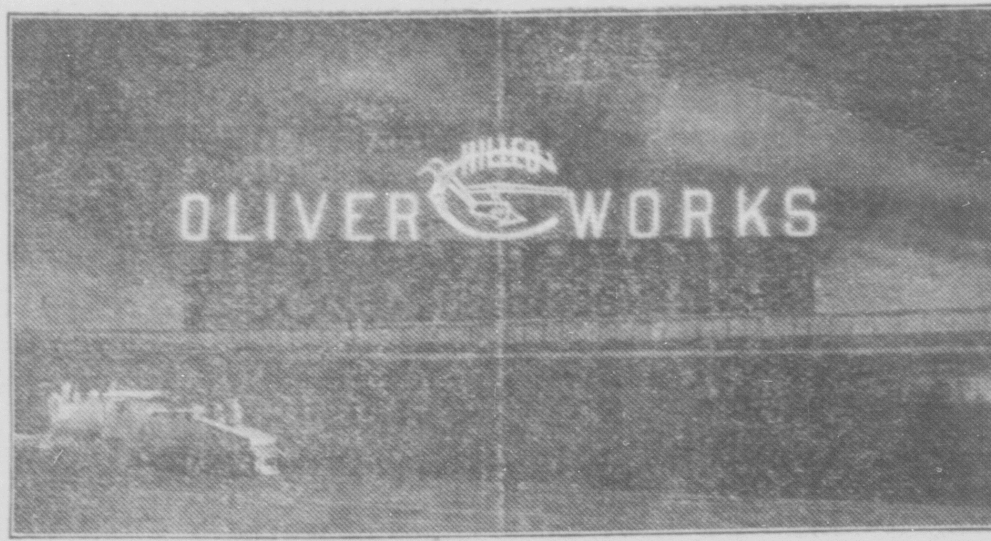

**Robbed a Policeman.**  
Danville, Ind., Aug. 26.—That Danville burglars are no respecters of persons was shown when two of them entered "Chief of Police" Sander's residence and relieved him of a \$5 bill and some small change. The money was taken from the chief's trousers, and the small change was left scattered over the floor. His mace and nippers were found where they had been thrown in the back yard.

**Auto Crashed Into Wall.**  
Saunderstown, R. I., Aug. 26.—Waldo Merrill, a Boston State street stock broker, and Erik Landstrom of Mattapan, Washington, a chauffeur, were killed Sunday by the overturning of an automobile which crashed into a stone wall at a sharp curve in the road leading to Narragansett Pier.

## MULTIMILLIONAIRE DYING

James Oliver, of South Bend, is lying at the point of death. He is one of the famous manufacturers of the country, and arose from a penniless youth to a multi-millionaire by his own efforts. The mammoth electric sign just erected by the Oliver Chilled Plow Works at South Bend, Indiana, of which Mr. Oliver is proprietor, is one of the modern wonders of the world, being the largest of its kind and is attracting widespread attention. This sign is placed at the top of the plow company's new five story warehouse and is visible far out into the surrounding country. It extends the

entire length of the building, a distance of 250 feet. The trademark portion of the sign is a very prominent feature, the highest point of the letters in same being at the center, 42 feet above the base line and the plow shown, measuring 59 feet in length. The letters in the words "Oliver" and "Works" are each 18 feet high by 14 feet wide. A total of 3200 lamps is required to properly illuminate this majestic sign and the light sent out casts its projecting rays over the entire quarter of the city in the neighborhood of the Oliver plant.

Has Replaced the Feeling of Apprehension That Permeated Wall Street.

### MUCH LESS LIQUIDATION

Few Signs of Selling by Those Whose Confidence in the Future Had Been Shaken.

Market Surely But Slowly Divorcing Itself From Purely Political Considerations.

New York, Aug. 26.—The feeling of apprehension with which the stock market began last week has been replaced by calmer judgment. There was much less liquidation and few signs, save in isolated instances, of selling by those whose margins were impaired or whose confidence in the future had fallen to a lower point. Such improvement as was shown, however, was largely sentimental, based on the belief that prices have discounted all the more adverse conditions that may arise, and that henceforth there will be less of political agitation, or at least less response on the part of investors to what have formerly been regarded as disturbing policies. The speeches of Secretary Taft and of President Roosevelt last week were received with great interest in Wall street, but their effect on the market was slight.

Much more interest attached to the general credit situation since it became apparent that the market was slowly but surely divorcing itself from purely political considerations. Bankers who look at conditions from a better vantage point than the average outsider are more impressed with the idea that the trouble through which the market has been passing is international in character, and that it is the close relations between the money markets of this country and those of Europe that have produced the tension here. Our markets have not only had to absorb the liquidation of American shareholders, but they have been forced to accept securities to the value of many millions of dollars from investors scattered all over Europe. England, Germany, France and Holland have greatly reduced the holdings of American securities, until now they are probably at the lowest level in some years. Further, the high rates for money abroad have reduced the borrowing capacity of this country in a field from which large amounts of capital are annually drawn. There has been quite a sharp dividing line between the rates charged on loans in which industrial securities figure as collateral and loans composed of railway issues. The rates have been as much as 1 to 1½ per cent higher against the first-named class. Six months' loans on industrials have ruled as high as 8 per cent. Next to this class the weakest spots in the market situation have been the local traction shares, which have fallen to the lowest level in years. Secretary Cortelyou's offer of treasury relief to the money situation had but little effect on the stock market.

### HAVE YOU MISSED IT?

Here is a Tale of Millions Evaporated on the Stock Exchange.

London, Aug. 26.—The next issue of the Bankers' Magazine will print a table telling the tale of millions evaporated on the stock exchange by the depreciation of securities of all grades and of all varieties, which the editor likens to "a survey of a district afflicted by some devastating calamity."

For August the decline in 387 representative stocks reached the staggering total of \$680,000,000. This makes an aggregate of \$1,725,000,000 since the beginning of the year, of which \$555,000,000 is in American railroad shares, \$240,000,000 in British funds and \$180,000,000 in English railway and ordinary stocks. Judged purely from a percentage basis, however, the most serious losses have been in the South African market, averaging about 25 per cent.

As regards the month itself, the table indicates that American railroad securities are far in the front with a shrinkage of \$260,000,000.

China's Aged Ruler Realizes That Her Power Is Slipping From Her.

### SEEKING A STRONG MAN

It Is Now Believed That Yuan Shi Kai Is to Be Called to Head of War Department.

The Alarming Growth of the Anti-Manchu Sentiment Causes Uneasiness Near the Throne.

Peking, Aug. 26.—It is believed that Yuan Shih Kai is about to relinquish the viceroyalty of Chi Li for the purpose of becoming head of the war department. His action is said to be due to the realization of the central government that its position is weaker than ever before, and was also

YUAN SHI KAI, COMMANDER IN CHIEF OF CHINESE ARMY.

prompted by the reported maladministration of China's modern army by Tieh Liang, the minister of war, whose methods have resulted in the discontent of 50,000 soldiers whose pay is in arrears.

Yuan Shih Kai, when urged to assume office in the central government, before consenting to accept, named the fulfillment of certain changes relating to the affairs of the war department as a condition. The dowager empress has summoned Chang Chih Tung and Yuan Shih Kai to consider the alarming growth of anti-Manchu sentiment. Several viceroys and governors have been memorializing the throne to explain the cause of such sentiment. The growing popular enmity is ascribed to the failures of the dowager's three edicts in the past six years removing the distinctions between Chinese and Manchus in intermarriage, abolishing the partiality shown to Manchus in law, and preventing the favoritism shown Manchus in appointments to office.

The murder of the Manchou governor, En Ming, by Chinese, and Dr. Sun Yat Sen's captured correspondence have greatly excited the court. The correspondence of the reformer urged that China's undivided duty was to exterminate Manchou power. These revelations have disposed the dowager toward placing Yuan Shih Kai at the head of all defenses.

Delay Has Been Dangerous in Rushville

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. Mrs. W. A. Wylie, 1029 N. Sexton Street, Rushville, Ind., says: "My husband had typhoid fever and after recovering found that his kidneys were left in a weakened condition. The secretion from his kidneys passed too frequently and caused him to rise many times during the night. His back was lame and ached a great deal and he suffered from frequent headaches. When he saw Doan's Kidney Pills advertised, he procured a box at F. B. Johnson & Company's drug store. They quickly corrected the urinary trouble and his back has almost regained its former strength. The pain has left and I have not heard him complain of a backache since. He thinks highly of Doan's Kidney Pills and we are pleased to recommend them to other sufferers." For sale by all dealers. ## DRILLING FOR OIL

Speculators Are Turning Their Attention to Field Near Boonville.

### KEEPING QUIET ABOUT IT

Those Who Are Interested in the Venture Cannot Be Induced to Speak of Their Plans.

Large Preparations Being Made to Prospect in Field Already Gone Over.

Boonville, Ind., Aug. 26.—A large oil-drilling machine and other apparatus has been unloaded here and taken into the country, where it is understood many wells will be dug in the hope of finding either gas or oil. It is understood that wells will be drilled all over the county, although the ventures in the past have not been successful.

Over half of the county is taken up by oil, coal or gas leases, which are owned by several syndicates. The Hicks Coal company of Indianapolis took options on several thousand acres about two years ago, while the Michael Murphy interests have gone over the whole county in the last few months taking up everything obtainable. It is understood these two syndicates alone have over half of the county leased for either oil, coal or gas.

The general opinion seems to be that the Chicago, Indianapolis & Evansville road is a sure "go," and thousands of acres have been leased in the territory through which this road is to pass.

Oil was discovered in crude state on the farm of John Schick of Greer township. It was found trickling steadily from the crevice of a rock. Many have watched this little flow with interest and Boonville people who are interested say that oil is certainly located in Warrick county. It is impossible to get any Boonville men who are interested in the location of oil to speak of their plans.

### SHROUDED IN MYSTERY

South Bend Police Puzzled Over Death of Strange Woman.

South Bend, Ind., Aug. 26.—Deepest mystery surrounds the death of a strange woman, said to be Mrs. Joseph Griffin, at the county jail. Since her death the entire police force has been searching for a strange man in a buggy, who threw the unconscious woman from the vehicle and left her dying by the roadside.

Mrs. Griffin's groans attracted attention, and when she was found she was covered with bruises. From that time until she died she was unconscious and delirious, and was unable to give the police any clue as to her assailant.

The woman was cast at the roadside directly in front of the county infirmary. According to the statements of those at the infirmary they saw a strange man in a buggy stop at that place and throw from the vehicle what appeared to be a huge black bundle. He then drove rapidly away. It was so dark at the time that they did not recognize the "bundle" as a woman.

Employees at the infirmary were getting ready to investigate when they heard the woman's groans. This caused them to hurry and a few minutes later they found her unconscious. There were a number of ugly bruises on different parts of her body and the police are puzzled by the case.

During the only lucid moment she had before death she gave her name as Mrs. Joseph Griffin and then immediately became delirious again. So far her body has not been identified by anyone who knew her in life.

### Quarreled About Chickens.

Peru, Ind., Aug. 26.—Robert Means, a farmer living in the south part of Butler township, this county, is in jail awaiting a change in the condition of his brother-in-law, James A. Davis, whom he assaulted. Davis is thought to be dying. The men live on adjoining farms and for some time Davis has been watering his stock on his brother-in-law's farm. Last evening the two men quarreled about Davis's chickens annoying Means, and each picked up a board and began pounding the other. Means struck the more powerful blows and soon bested his opponent. The sheriff was called and Means was brought to jail.

### An Equitable Arrangement.

Terre Haute, Ind., Aug. 26.—At the session of the Lower Wabash Valley conference of the United Brethren church, it was decided that the minimum salaries of the United Brethren ministers shall hereafter be \$500. Those that have been getting smaller pay than this will hereafter have the deficit made up to them out of the pay of the pastors receiving more than this amount. There are more than fifty workers in this district and half of them, it is said, are receiving salaries of less than \$500 a year.

South Bend, Ind., Aug. 26.—The jewelry store of Frank Hayes & Sons was robbed and the thieves got a haul of jewelry worth \$200. The men entered the store by ascending the roof of the Oliver opera house and dropping on to the smaller building. They escaped through a transeom.

## CONFLICTING STORIES

Believe What You Please Concerning the Telegraphers' Strike.

New York, Aug. 26.—S. J. Small, president of the Commercial Union of Telegraphers, arrived in New York Sunday from the West. He was met at the station by a large delegation of striking telegraphers.

Mr. Small attended a meeting of the striking telegraphers, where he was received with enthusiasm. He made a brief address in which he dealt with the general situation, refraining from discussing local conditions. He later gave out an optimistic statement regarding general strike conditions, in which he said: "We have fully 95 per cent of all the commercial telegraphers in the United States on strike. This applies to small and large cities. Thousands of one-man offices are closed and the keys to the doors are in the possession of city officials, to be turned over to the inspectors of the company when they arrive. Much has been published about arbitration, but the cry from coast to coast is 'no arbitration.'"

In face of the statements by the president of the striking union is this, both the Western Union and the Postal Telegraph companies emphasize their declarations that the situation is improving daily and that, barring a few unimportant towns, conditions are gradually but steadily reassuming a normal basis. They announce that they are handling all the business offered with dispatch.

### CALEB POWERS TALKS

W. S. Taylor's Statement Receives an Echo From Georgetown.

Georgetown, Ky., Aug. 26.—Caleb Powers has given out a lengthy interview sustaining former Governor W. S. Taylor in his demand that the so-called \$100,000 corruption fund appropriated by the legislature be returned to the state treasury before he returns to Kentucky to stand trial or testify for Powers. With this money not used by the prosecution to bribe witnesses, says Powers, then he and Taylor would have a chance to get a fair trial and the murder of Goebel could be investigated fully. Powers also says that Taylor is right in demanding that he have a fair and impartial judge to try his case and that he have an equal division of jurors. By coming to Kentucky and submitting himself to trial Powers says that Taylor would help him bear the burden of the accusation of the Goebel murder, which he thinks he ought to do, if the commonwealth would only accede to his request, which he says is reasonable.

## Amusements

At the Star theatre tonight the melodramatic story film, "Falsely Accused" will be shown tonight. It is a highly interesting story dealing with circumstantial evidence and false imprisonment. Miss Wrenick will sing the illustrated ballad, "Kentucky Jane."

The Grand will offer a complete change of program every night this week—six special programs. The offering tonight is entitled, "The Kind Grandfather and the Window Cleaner," a pleasing bill throughout. Miss Brown will sing, "The Birds of Georgia Sing of Tennessee" Tomorrow night the program will consist of three big laugh producers entitled "The Onion fiend, the Boy, the Bust and the Bath," together with the illustrated ballad, "Like the Rose, Youer' the Fairest Flower."

The Catholic carnival will continue tonight and Tuesday night. The inclement weather of last week put a crimp in the financial end of the carnival. The Rushville band will give popular concerts each evening, and all the attractions will continue, supplemented by a few new ones.

Manager J. Walter Wilson will not open the new Vaudeville theatre on Main street tonight as he intended, but will open it tomorrow (Tuesday) night when everything will be in readiness for the grand opening and county fair week business.

Tuesday August 27th will be free at Rush county Fair.

For People Who Care

For pains internal or external an immediate relief is always wanted, great care should be taken what is used, a great many liniments are not fit to enter ones stomach but at the same time are recommended for internal use, that is the reason why we manufacture our own, one that we can safely use

**Grey Squirrel Liniment**

This can be used in 5 to 20 drop doses and will stop the most severe pains almost immediately. For a lame back, sore joints, swelling or anything of external nature a little rubbed on the parts or a cloth saturated and bound to the parts will work wonders.

Excellent for Soreness, Lame Back, etc.

EXTRA! EXTRA! EXTRA!
